Jean Wilcox

Teresa Buist

Hi, I'm Gypsy and this is my family the Eddy's. I'd like to tell you about a program called, "Awareness Works 4 u" and how they are helping organizations like the Humane Society of Kent County. For every family or individual that they help with a mortgage, they donate \$250 to the Charity of your choice. In our case we chose the Humane Society. During these hard times so many organizations like the Humane Society are having difficulty balancing their budgets and this is one more way that you can help my friends. So if you or someone you know is looking to buy or refinance a home please ask them to call or check out the people at Awareness Home Funding; they'll be glad they did and so will the Humane Society of Kent County. Visit them at www.AwarenessWorks4U.com or 616-977-4068.

Get it Online...

Did you know that *The Animal Advocate* is available online? That's right, you can read our current issue at www.hskc.org. Click on the link on the home page to open a downloadable PDF.

If you prefer to access this version instead of having one mailed to you, please let us know - it will help reduce our printing and postage costs and help the environment too!

Due to space considerations, only tribute gifts of \$50 or more are published in our newsletter. All tribute gifts are greatly appreciated and go a long way toward helping our animals. Thank you!
