

August 24, 2009

Dear Club Organizers,

Thank you so much for your time, dedication, and overall enthusiasm towards this year's fair. The Kent County Youth Fair was again a huge success because of your efforts, as well those from our sponsors.

One sponsor I wanted to draw your attention to again was Awareness Home Funding. This year they were involved with judging and providing the prizes for our club booths, plus sponsoring one of the shuttle wagons. In years past, we have seen their involvement through Harry Gribnitz and his colleagues sponsoring the children's area. This continues to be a rather unique company that we have partnered with.

Awareness Home Funding was started with the idea to give back to the community in a very real and consistent way. Every time they close a home loan (whether a refinance or purchase), they donate \$250 to a non-profit organization. Two clubs, Wolverine Livestock 4-H Club and A Step Ahead, have already been on the receiving end of this program.

What's the catch? None! All you have to do is let others know about this program. Tell your friends, family, co-workers, and neighbors that when they are looking for a mortgage to check out Awareness Home Funding. You will find their way of doing business differently extends to all aspects of the company. To begin with, they fit a loan to your needs, not the latest loan program. In addition, all they do are home loans, so they are not distracted by checking accounts or bank cd's. Their staff is not paid on commissions so they work for you, not a profit margin. Your comfort and understanding of the loan process is very important, plus your club receives a huge benefit. This is such an easy program for you and a great way to raise additional funds.

If you would like more information than the enclosed brochure you can find them on the web at: www.AwarenessWorks4U.com or you can contact them directly at 866-982-9273.

Thanks again for a great fair!
See you next year,

Nicki Patterson
